LANCASTER ENERGY AND SCE JOINT RATE COMPARISON

As part of our mutual commitment to better serve customers, Lancaster Energy (LE) and Southern California Edison (SCE) have jointly created a comparison of our common electric rates, average monthly charges, and generation portfolio contents.

This comparison illustrates the estimated electricity costs for typical Residential and Commercial customers within the jurisdiction of the City of Lancaster using average customer monthly consumption. All rate comparisons are calculated using SCE's 2023 climate zone data within SCE's Baseline Region 14 (including the City of Lancaster) utilizing LE's published rates as of August 21, 2024, and SCE's published rates as of June 1, 2026.

To find your specific electric rate, please scroll down. If you are not sure about your specific electricity rate, this information can be found on the detailed page of your bill directly beneath the heading that reads "Details of your new charges."

If you have further questions, please contact Lancaster Energy at lancasterenergy.com or (844) 288-4523 and SCE at sce.com/cca or (800) 974 -2356.

Definitions

Generation Rate reflects the cost of producing or purchasing electricity to power your home. This rate depends on usage and will vary depending on your service provider and rate plan.

SCE Delivery Rate is a charge assessed by SCE to deliver electricity to your home. This rate depends on usage.

Surcharges represent the Cost Responsibility Surcharge (CRS) and Franchise Fee (FF) that are applicable to Community Choice Aggregation (CCA) customers and SCE customers that elect a Green Rate. The CRS is a surcharge to recover costs associated with power purchases made on behalf of customers prior to a customer's switch to a CCA or SCE Green Rate. The FF recovers taxes owed to a city in exchange for allowing SCE to utilize electrical distribution lines throughout the property of the city. SCE acts as the collection agency for the FF surcharge which is levied by cities and counties for all customers.
